### OGDEN'S NEW UTAHNA THEATER

Ogden's new playhouse, the Utahna theater, which has been erected on Twenty-fifth street just above Washington avenue, is one of the best vaudeville theaters in Utah. C. C. Richards, Jr., who has so successfully conducted the Utahna park during the past summer, will manage the new theater. The building is commodious and artistic on the interior, which is finished in a pretty decorative scheme of cream and red. It is well lighted with electricity, and in all is a fine little theater, that will be well provided with good vaudeville performances to please the theatergoing public all night long.

### DEATH OF RUDGER J. WHITE.

### EXCITING ENCOUNTER WITH BEAR.

Frank Adams, a sheep herder, who has been herding sheep near Joseph Peery at the head of Beaver canyon, brought to the county clerk's office yesterday afternoon the pelt of a huge bear which he had killed, and received \$250 bounty on the same. Mr. Adams had a very thrilling experience a couple of days ago when he encountered the bear near his camp. He only had a 22 rifle with which to defend himself against the mad beast, which came towards him with open mouth. He leveled the gun and poured a dozen shots into its body, the last shot fortunately taking effect in the injured beast's brain, ending its career. It is almost certain that had not the last shot struck the bear in the brain it would have pounced on Mr. Adams and killed him. The bear weighed about 300 pounds.

It is expected to have the walls up in two more weeks, and as soon as possible the roof will be put on, which is all that is intended to be accomplished this year.

This valley has been visited recently by two good rains and the ground is in a good condition for putting in fall grain.

Monroe, Sevier Co., Oct. 14.—After a stoppage of 10 days, beet growers will commence to dig the sweet roots. These stoppages are very annoying—more especially as the weather is quite cold.

Miss Lillian Andersen has just returned from a few months' visit with her sisters in Canada, and Sister Ida Gould has left for Canada to spend a time with her sisters.

Sister Dora Nielsen left for Salt Lake City last week to be operated upon for lung trouble. She was accompanied by her husband, Brigham Nielsen, and her brother, Lorenzo Lisonbe. Much anxiety has felt here for the result. Believing that for the result, the school board has rented the town hall and will fit it for the primary department.

Dr. J. B. Nelson, the quarantine physician, reports that one case left of smallpox, and hopes the disease is entirely subdued.

The potato crop is very prolific this year and of good quality.

The tomato crop this year is unusually good. For about three weeks the canners have been unable to handle the tomatoes as fast as they have ripened and as a result considerable of the crop has spoiled. The output this season will greatly exceed last year's.

The beet crop is excellent. After a week's shutdown, digging begins again today.

Apolos B. and Asa Taylor, two of our promising young men, left Salt Lake on the 16th inst. for a mission to New Zealand. Prior to their departure a purse of \$100 was raised for them through entertainments given under the direction of the amusement committee.

No matter which candidate is elected, Foley's Honey and Tar will remain the people's favorite remedy for coughs, colds and incipient consumption. It cures colds quickly and prevents pneumonia. A. J. Nussbaum, Batesville, Ind., writes: "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, but did not improve. I then tried Foley's Honey and Tar and eight doses cured me." Sold by F. J. Hill Drug Co.
